JOINT SET

For longer length, you can use the joint set to get a larger workbench.

FAST MOVE

The bench can be easily moved even when fully assembled.

OPTIONAL KIT SPACER

Kit of spacer caps that, attached to the workbench, support the slab by lifting it off the aluminum profiles to provide stable support. Art. SP11026

EASY TRANSPORT

Supplied with a soft case which, thanks to a pair of wheels, makes transportation easy and safe.

ADJUSTABLE LEG

Each stand is equipped with an adjustable foot that ensures stability on uneven surfaces.

QUICK LEG SYSTEM

Quick, fast and perfect system to open and close the legs.
